

Rectangular planter for public spaces h140_547

Rectangular planter in galvanized steel with central decorations and internal galvanized tank. Dimensions: W 55 x D 75 x H 72.5 cm.

The **H140_547 rectangular planter for public spaces** is an elegant and robust solution for urban furniture, perfect for enhancing squares, sidewalks, gardens, and pedestrian areas. Thanks to its classic design with **central decorations and ornamental crossbars**, it combines aesthetics and functionality, contributing to the care and improvement of outdoor spaces.

The structure consists of **4 columns in 50x50x1.5 mm square galvanized steel tube**, each equipped with a decorative element at the top and a base plate for support. The internal crossbars and frames, also in **40x40x1.5 mm square galvanized steel tube**, reinforce stability and enrich the planter with an ornamental motif. At the center, a **circular decorative element** provides character and refinement.

The **internal tank** is made of galvanized sheet metal and serves as a container for plants. The finishes are detailed: the **external frame** is painted in **Gunmetal** color, while the **internal tank** is finished in **RAL 7001 (silver gray)**.

The product undergoes a **complete cycle of anti-corrosion and finishing treatments**: washing, sandblasting, epoxy primer, thermosetting powder coating, and **double polymerization at 180°C**. This ensures **resistance to atmospheric agents**, durability, and a uniform finish.

Ground anchoring is not necessary: the planter is easily positioned in public spaces and, with a weight of **27 kg**, ensures stability and practical use.

Add style and functionality to your urban spaces! Purchase the **H140_547 rectangular planter** now and request a quote for multiple supplies.

Technical characteristics:

- **Dimensions:** W 55 x D 75 x H 72.5 cm
- **Total weight:** 27 kg
- **Structure:** 50x50x1.5 mm galvanized steel with decorations and shaped columns
- **Crossbars and frames:** 40x40x1.5 mm galvanized steel with central ornamental element
- **Internal tank:** In galvanized sheet metal
- **External frame color:** Gunmetal
- **Internal tank color:** RAL 7001 (silver gray)
- **Finish:** Thermosetting powder coating with double polymerization at 180°C
- **Fixing:** Not necessary (self-supporting)
- **Delivery:** In kit with steel screws and instructions

User benefits:

- **Design:** classic with central decorations and ornamental crossbars.
- **Structure:** resistant in galvanized steel with anti-corrosion treatment.
- **Tank:** functional internal tank in galvanized sheet metal.
- **Self-supporting:** does not require ground anchoring.

- **Lightweight:** to position, but stable thanks to the weight of 27 kg.

FAQ:

1. **Is the planter suitable for outdoor environments?**

Yes, thanks to the anti-corrosion treatments and powder coating, it is ideal for public spaces.

2. **Does it need to be fixed to the ground?**

No, it is self-supporting and can be positioned without anchoring.

3. **What are the available dimensions?**

Its dimensions are W 55 x D 75 x H 72.5 cm.

4. **How much does the planter weigh?**

It weighs 27 kg, ensuring stability without the need for fixing.

5. **What certifications does it have?**

It complies with ISO 9001:2015, UNI EN ISO 3834-3:2021 and Transformation Center DM 14/01/2008 standards.

Mini buying guide:

Urban furniture **planters for public spaces** are not just decorative elements, but also useful tools for organizing and enhancing the urban environment.

It is important to evaluate the **resistance of the materials** (treated galvanized steel and sheet metal), the **stability** and the **aesthetics**, which must harmonize with the context.

Planters with **ornamental decorations** adapt well to historical centers and squares, while those with a minimal design are perfect for modern contexts.

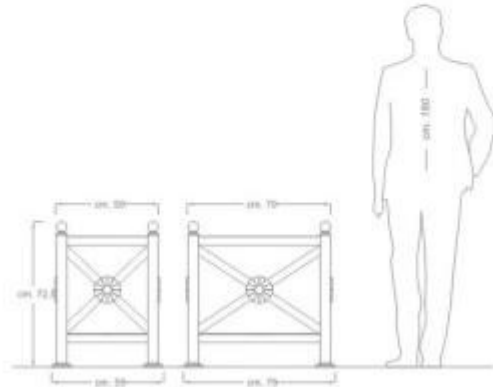

Always opt for models with **certified anti-corrosion treatments** and durable finishes, which ensure resistance to atmospheric agents and a long useful life.

Rectangular urban furniture planter, galvanized steel planter, planter with central decorations, gunmetal planter, planter with internal galvanized tank, resistant urban planter, classic design self-supporting planter.
