Rectangular planter for public spaces h470_12

Rectangular planter in concrete and light aggregate with decorative copper band, 100x40x55 cm. Ideal for urban furniture and prestigious public spaces.

The **h470_12 planter** is an urban furniture element designed for the enhancement of public areas, residential complexes, and prestigious entrances. Made of **concrete with light-colored aggregates**, the structure guarantees high resistance to atmospheric agents and superior mechanical stability. The design is characterized by a **central copper band** that entirely surrounds the perimeter, offering an elegant and refined material contrast.

Technical specifications

- **Material:** High-density concrete with light aggregates
- **Aesthetic detail:** Perimeter copper band
- **Dimensions:** L 100 x W 40 x H 55 cm
- **Production:** Made in Italy

Optional extras available upon request:
