

Recycled plastic material bench h229_18

Bench for urban furniture 100% ecological and 100% eco-compatible.

Bench with backrest for public spaces made **in recycled plastic** is ideal for making outdoor spaces functional, tidy, elegant and eco-sustainable, in fact it is made using composite material entirely from waste, 100% ecological and 100% eco-compatible. The seat and backrest structure are made of steel covered with profiles of different sections. We safeguard nature by choosing ecological materials for urban furniture.

Technical features:

- Material: recycled plastic
- Steel seat and backrest structure
- Stainless steel screws
- Dimensions: 1840x756x804 mm
