

Recycling bin 3 x 45 lt h719_21

Three-compartment recycling bin with swing flaps. Capacity: 3 x 45 lt. Color: soft mocha.

Compact bin for sorting **three types of waste** with an **elegant and modern design** and a **soft mocha color**, suitable for hotel rooms, shops and small environments. With a capacity of **3 x 45 lt**, the container is made of **high-quality fireproof material: powder-coated galvanized sheet steel**, capable of resisting collisions and scratches. The external structure features **two hinged doors with ergonomic semi-circular handles** and **3 stainless steel swing flaps** with a grain structure through which to dispose of waste. Inside there are **3 galvanized steel containers** that can be extracted via the hinged doors on the front. The latter are equipped with a **square key lock** and the **key is supplied as standard**. Also suitable for irregular surfaces thanks to the two **adjustable front feet**, positioned at the base of the bin. Quick to clean, the indoor recycling bin is TÜV certified and non-flammable.

Technical features:

- Dimensions: h 975 x w 860 x d 320 mm
- Material: high-quality powder-coated galvanized sheet steel
