

Refrigerated buffet display case h110_154

Refrigerated buffet display case in painted steel. Dimensions: L 98 x D 46 x H 39.5 cm.

The **h110_154 refrigerated buffet display case** is a large-format professional display, designed to manage high-volume catering services such as those in hotels, canteens, and large catering events. The structure is made of **black epoxy powder-coated steel**, offering a combination of mechanical resistance and refined aesthetics. The cooling system uses **three independent eutectic plates** that allow the ideal food temperature to be maintained without the need for electrical cables on the table. The module is completed by three high-quality white porcelain plates and a superior protection in **removable tempered glass**, essential to guarantee hygiene during display.
