Refrigerated buffet display case h464_145

Refrigerated countertop display case with lid ideal for hotel and restaurant buffets. Dimensions: W 430 x D 290 x H 140 mm.

The **h464_145 refrigerated buffet display case** is a compact and functional countertop unit, designed to ensure maximum food freshness in professional settings such as hotels, catering, and restaurants. The structure is designed to optimize self-service, thanks to a **transparent lid equipped with a handle** that protects food while keeping it visible. The passive cooling system relies on **two integrated coolers (cold accumulators)**, which act directly on the serving dishes. The equipment includes both a **stainless steel plate**, excellent for thermal conduction, and a plastic plate, offering maximum versatility in the service of cold cuts, cheeses, or fresh small pastries.

Technical features

- **Materials:** High-quality stainless steel and plastic.
- **Cover:** Transparent lid with ergonomic handle.
- **Cooling system:** 2 coolers included (ice packs).
- **Plates included:** 1 stainless steel plate + 1 plastic plate.
- **Total dimensions:** W. 430 x D. 290 x h. 140 mm.
- **Intended use:** Professional for buffets and catering.
