

Refrigerated buffet display h110_177

Refrigerated display for buffets. Dimensions: W. 45.6 x D. 42.8 x H. 22 cm.

The **h110_177 refrigerated buffet display** is a professional multi-station support, designed to offer a dynamic and fresh presentation of small delicacies in catering and restaurant contexts. Made of **black epoxy powder-coated steel**, this model is built on a planar structure that accommodates **three independent refrigerated stations**. Each station consists of a circular eutectic plate and a white porcelain plate, ensuring temperature maintenance without the aid of electricity. The structure is raised by elegant **stainless steel feet**, which provide stability and a modern profile to the setup.

Technical features
