

Refrigerated buffet display h110_178

Column refrigerated display h110_178 for buffet, in black epoxy-coated steel with stainless steel feet. Dimensions: 22.5 x 59.2 x 42.2 cm.

The **refrigerated buffet display h110_178** is a high-impact vertical display solution designed to optimize space and ensure food freshness in hotels, restaurants, and catering services. Made of **black epoxy-coated steel**, this model develops vertically (42.2 cm), allowing a presentation on three overlapping levels. Each level is equipped with a circular **eutectic plate** and a white **porcelain plate**, offering passive and elegant refrigeration without the clutter of electrical cables. The structure is completed by robust stainless steel feet that ensure stability and resistance to moisture.
