

Refrigerated buffet display h110_182

Horizontal refrigerated display h110_182 for buffets, in black epoxy steel with stainless steel feet. Dimensions: W 65 x D 23 x H 24 cm.

The **refrigerated buffet display h110_182** is a professional solution with a linear profile, designed to ensure maximum food freshness with an elegant and discreet design. Made of **black epoxy powder-coated steel**, this model offers a horizontal arrangement of three independent refrigerated stations. Each station accommodates a high-quality white **porcelain bowl** and a **eutectic plate** underneath, which allows the ideal temperature to be maintained without the need for an electrical power supply. The structure is completed by stainless steel feet that ensure stability and superior resistance to wear and moisture.
