

## Refrigerated buffet display h110\_184

Refrigerated display with 2 plates and rubber feet. Dimensions: W 396 x D 203 x H 77 mm.

The **h110\_184 refrigerated buffet display** is a technical and discreet solution for maintaining the cold chain in professional catering contexts such as canteens, hotels, and catering services. The structure is made of **black epoxy powder-coated steel**, ensuring long durability and a minimal aesthetic that fits any buffet counter. The cooling system is based on **two high thermal efficiency aluminum eutectic plates**, capable of keeping food fresh for a period of up to 6 hours. Thanks to the low profile and rubber feet, the display offers maximum stability and protection for support surfaces.

## Technical features

- **Frame material:** epoxy powder-coated steel.
- **Finish:** matte black.
- **Cooling system:** 2 eutectic plates (passive cooling).
- **Plate material:** aluminum.
- **Plate dimensions:** Ø 170 x 52 mm.
- **Thermal autonomy:** up to 6 hours of constant cold.
- **Stability:** base equipped with non-slip rubber feet.
- **Total dimensions:** W 396 x D 203 x H 77 mm.
- **Weight:** 6 kg.
