

## Refrigerated display for breakfast buffet h110\_155

Refrigerated display for breakfast buffet. GN 1/1 steel eutectic plate. Dimensions: W 56.3 x D 35.8 x H 7.4 cm.

The **h110\_155 refrigerated display for breakfast buffet** is a technical and elegant solution for displaying fresh food in professional settings such as restaurants, hotels, and b&b. Made of **black epoxy powder-coated steel**, this support combines a minimal design with very high thermal efficiency. The system is based on a **GN 1/1 Gastronorm format steel eutectic plate**, capable of maintaining an optimal temperature for a prolonged period. The low structure and rubber feet ensure maximum stability on any surface, allowing refrigeration to be integrated into the buffet in a discreet and functional way.

## Technical features

- **Material:** steel with black epoxy coating.
- **Cooling system:** 1 GN 1/1 format steel eutectic plate.
- **Thermal autonomy:** keeps cold for up to 6 hours.
- **Stability:** non-slip rubber feet included.
- **Total dimensions:** W. 56.3 x D. 35.8 x h. 7.4 cm.
- **Weight:** 6.05 kg.
