

Reinforced 3-shelf service trolley h314_156

Multipurpose 18/10 stainless steel service trolley with 3 reinforced 100x50 cm shelves and 260 kg load capacity. Ideal for heavy loads in the HoReCa sector.

The **h314_156** multipurpose service trolley is a professional solution designed for the safe and hygienic handling of heavy loads in industrial, hospital, and catering contexts. The load-bearing structure, made of **18/10 stainless steel** with a 25 mm round tube, ensures superior structural stability and impeccable resistance to corrosion and daily wear.

The three shelves are configured in a tray shape with raised edges to prevent the accidental falling of liquids or objects, while the perfectly rounded surfaces, extended even to the lower edges, guarantee maximum safety for the operator and facilitate deep cleaning operations according to HACCP protocols.

Technical features

- **Material:** High-quality 18/10 stainless steel
- **Configuration:** 3 reinforced shelves with tray profile
- **Shelf design:** Rounded and raised edges for containment
- **Structure:** Round tube with 25 mm diameter
- **Movement system:** 4 swivel wheels in non-marking grey rubber Ø 125 mm
- **Protection:** Corner bumpers in soft rubber
- **Shelf dimensions:** 1000 x 500 mm
- **Total dimensions:** 1100 x 590 x h. 1020 mm
- **Load capacity:** Overall capacity of approximately 260 kg
