

Removable patient care hospital bed h937_21

H937_21 removable hospital bed with 3 joints and 4 manually adjustable sections, steel frame. Dimensions: L 2060 x W 910 x H. bed base 470 mm.

The **H937_21 3-joint removable hospital bed with 4 manually adjustable sections** has been designed to offer versatility, robustness, and practicality in healthcare facilities, nursing homes, and for home care. Section adjustment takes place through **two independent cranks**, which allow for easy modification of the position of the **headrest and leg section** thanks to independent screw pushers with folding and retractable cranks and end-of-stroke clutch. The **foot section** adjusts automatically with the leg section, while the **pelvis section** remains fixed, ensuring stability and safety for the patient.

The **bed frame** consists of **two halves** made of **rectangular section steel**, which guarantee solidity and durability over time. The **mobile sections** are made of **steel rod** with rectangular mesh (100 x 50 mm), rounded edges, offering optimal support and uniform distribution of the patient's weight. The bed is also equipped with **2 supports for patient lifter pole and IV pole**.

The **ends** feature **removable headboard/footboard** made of **steel tubes** with circular section Ø 30x1.5 mm with **removable 12 mm thick melamine panels**, which facilitate cleaning and maintenance. The bed finish is made with **epoxy powder coating** baked at 200°C, in white, which protects it from wear, scratches, and chemical products used for cleaning, ensuring a long life and maintaining a professional appearance.

Thanks to the **compact dimensions** (L 2060 x W 910 x H. bed base 470 mm) and the **weight** of only **36 kg**, the **H937_21 bed** is easily **removable and maneuverable**, making it perfect for being moved to various environments and always ensuring maximum safety and functionality. It supports a **safe working load up to 170 kg**, making it **suitable for patients up to 135 kg**.

Purchase the **H937_21 removable hospital bed** today and ensure you offer your patients maximum comfort and safety. Contact us for further information and personalized quotes!
