

Restaurant dining room service cabinet h2200132

High service cabinet for restaurant dining room in melamine (94x48x145h cm). Equipped with a two-shelf riser, 2 cutlery drawers with dividers and 2 lower doors. Protected edges and integrated wheels.

The **professional dining room service cabinet** is the ideal solution for restaurants, diners and hotels that need to organize dining room items with care and order. Made with a structure and panels in **melamine wood**, the cabinet develops vertically including a **riser with two shelves** for quick access to condiments or small accessories. The central part houses **2 cutlery drawers with dividers** mounted on smooth slides, while the base consists of **2 doors with intermediate shelves**, perfect for storing plates, linens and bulky dishes. Robustness is guaranteed by rubber bumper profiles that protect the edges, making it a durable investment for high-rotation contexts.
