

Restaurant dining room service cabinet h684_09

Low service cabinet for restaurant dining room in laminated wood (103.1x47x94.5h cm). Equipped with 2 cutlery drawers with dividers, 2-door compartment with adjustable shelf and swivel wheels. Available in various finishes.

The **dining room service cabinet** is a practical and robust operational solution, designed to optimize efficiency in high-traffic contexts such as hotels, snack bars, and motorway service areas. Made of high-quality **laminated wood**, this cabinet offers a resistant and easy-to-maintain work surface. The internal organization is designed for maximum order: the upper part houses **2 drawers with internal dividers**, ideal for dividing forks, knives, and spoons, while the base features a **2-door compartment** with a height-adjustable shelf to adapt to stacks of plates or linen. Thanks to the 4 swivel wheels, the cabinet can be easily moved to reconfigure the room or facilitate cleaning.
