

Restaurant service cabinet with door and hopper h2200145

Low service cabinet for restaurant dining room (94x48x98h cm). Equipped with 2 cutlery drawers with dividers, 1 door with intermediate shelf and 1 tilting hopper. Melamine structure on wheels.

The **professional service cabinet for dining rooms**, also known as a low sideboard, is a versatile technical furnishing solution designed to optimize the management of mise en place and clearing in restaurants, hotels, and pizzerias. Made with a robust **melamine structure**, this model offers complete organization in a compact format. The configuration includes **2 closed cutlery drawers** mounted on smooth guides with internal dividers, a large **door with an intermediate shelf** for storing plates or linens, and an integrated **tilting hopper** for the discreet collection of waste or dirty linens. Thanks to the swivel wheels, the cabinet ensures excellent mobility within the premises.
