

Restaurant service cabinet with open compartment h2200144

Space-saving service cabinet for restaurant dining rooms (48x48x145h cm). Equipped with a 2-shelf riser, 1 closed cutlery drawer with dividers and open compartment with adjustable shelf. On wheels.

The **restaurant service cabinet**, also known as a compact service station, is a technical furnishing solution designed to optimize mise en place management in limited spaces. Made with a sturdy **melamine-faced structure**, this model develops vertically, offering ample storage capacity in just 48 cm of width. The unit is equipped with a **two-shelf riser** ideal for condiment sets and glasses, a **closed drawer on runners** with internal dividers for cutlery, and a practical **open compartment** with an adjustable middle shelf. Thanks to the swivel castors, it can be easily repositioned to adapt to the various operational needs of the dining room.
