

Retractable belt barrier h468_21

Retractable belt post with belt extendable up to 3 meters. Belt available in various colors. Post color: silver.

The retractable belt stanchion is the ideal product for all those places where there is usually a large influx of people, such as airports, stations, shopping centers and museums. Thanks to the belt barrier post, it is indeed possible to limit the number of people at the entrance of these structures in order to comply with **safety regulations** and **prevent overcrowding**. The product features a belt extendable up to **3 meters** and is made of epoxy powder-coated metal and ABS components. The belt is available in **different colors** while the color of the post is silver. It is possible to purchase the receiving post **as an optional** to provide greater stability to the entire product.
