Rigid restaurant placemat h1025_47

Rigid placemat for restaurants in eco-friendly faux leather 27x24 cm. Thickness 4.08 mm, liquid-resistant, wear-resistant and easy to sanitize.

The **h1025_47 rigid placemat** is a professional charger plate with dimensions of 27x24 cm, designed to enhance table settings in the catering sector. Made with a rigid structure, it features a top and bottom layer in eco-friendly leather-effect faux leather, combined with an internal cellulose sheet core. This composition ensures high resistance to wear, liquids, and time, eliminating the risk of cracking or premature deterioration. The finishes with meticulous stitching provide a distinctive and professional touch. Available in various colors, it integrates harmoniously into any mise en place concept, offering a solution that combines elegance, functionality, safety, and sustainability in high-workflow contexts.
