

Road gully grate with anti-theft locking h638_44

Concave rainwater gully grate with automatic closure and anti-theft locking. External dimensions: 500 x 500 mm. Height: 83 mm.

The road gully grate with square frame and cover is an essential urban furniture element for the correct collection of rainwater, while ensuring safety for motorists. The product is made of **ductile iron in accordance with UNI EN 124 standards** and features both a square-shaped frame and grid. The latter features a locking system equipped with a pair of nuts and bolts appropriately inserted into the specific holes to **prevent theft and tampering**. The product also features a concave surface with anti-slip reliefs.

Technical features:

- Material: ductile iron
- Square frame and cover
- Anti-theft locking
- Hinge
- Automatic closure
- Trap-ready
- Concavity: 8 mm
- External dimensions: 500 X 500 mm
- Clear opening: 350 x 350 mm
- Height: 83 mm
- Drainage area: 5.33 dm²
- Weight: 26 kg

INFORMATION

- Length in millimetres 500.000000
- Depth in millimetres 500.000000
- Height in millimetres 83.000000
