

Robust crate trolley with wheels h1035_14

Professional aluminum crate trolley, load capacity 90 kg, wheels Ø 150 mm. Folding telescopic structure for maximum portability in the warehouse.

The **robust crate trolley h1035_14** is an indispensable tool for professional handling in **warehouses, logistics centers, and shipping departments**. Thanks to its **aluminum** structure, the device offers an excellent balance between operational lightness and mechanical strength, guaranteeing consistent performance even in intensive use contexts. The **load capacity of 90 kg** makes it suitable for transporting medium-sized crates, packages, and packaging in total safety.

The technical equipment includes **solid rubber wheels with a diameter of 150 mm**, designed to ensure optimal smoothness and superior stability on different types of industrial flooring. The **telescopic and folding** design allows for a drastic reduction in the trolley's footprint, facilitating storage in tight spaces or transport on board commercial vehicles.

Technical features

- **Type:** Folding telescopic crate trolley
- **Material:** Aluminum
- **Load capacity:** 90 kg
- **Total dimensions (open):** 1,080 (height) x 400 (width) mm
- **Loading platform dimensions:** 355 x 245 mm
- **Wheel diameter:** 150 mm
- **Wheel type:** Solid rubber
- **Folded dimensions:** 730 x 400 mm
- **Unladen weight:** 5.90 kg
