Rotating carousel with sofa for children h350_114

Merry-go-round for playground. For **10 users**. Suitable for children with disabilities.

Rotating carousel for garden for children **with sofa**. Supporting structure made of galvanized steel tubes section 5x3 cm. **The merry-go-round for playgrounds** is composed of **a supporting platform** in fiberglass made of various layers of high-density resin, **a sofa** consisting of a galvanized and painted steel structure and seats in pantographed phenolic-glued okoumé mahogany plywood, with rounded edges; treatment with colored impregnation and finish with water-dilutable non-toxic wax-based paints. The carousel is operated by the comfortable **central handlebar** in phenolic-glued birch plywood finished with colored films. The rotation system consists of load roller bearings. Assembly by means of 8.8 **galvanized steel bolts** and self-locking nuts. Standard colored nylon nut cover elements. Certified in accordance with European Standards EN 1176 by the German TUV - SÜD Institute.
