

Round ballot box 15 lt h972_97

Cylindrical transparent PMMA urn, 15 liters, height 75 cm with key lock. Ideal for voting and floor-standing suggestion collection. The **vertical urn h972_97** 15 liters is a professional solution designed for the collection of ballots, questionnaires, and suggestion forms. Featuring a **slender cylindrical design**, it integrates perfectly into institutional, corporate, and trade fair contexts, offering a balance between modern aesthetics and operational functionality.

The structure is made entirely of **transparent PMMA**, a material that guarantees full visibility of the content to maximize the transparency of the collection procedures. Thanks to its height of 75 cm, the urn can be placed directly on the floor, making it easily accessible to users without the need for additional supports or tables.
