

Round outdoor fountain h28721

Urban furniture fountain with galvanized steel sheet grid and brass push-button tap. Dimensions: 58x35xh.100 cm. Italian product.

Outdoor drinking fountain with an **elegant and innovative design** ideal for placement near squares and avenues. Sturdy structure consisting of a stem equipped with a **brass push-button tap**, in Ø 152 mm round galvanized steel tube. **The street furniture fountain** is equipped with a **water drainage grid** in galvanized steel sheet shaped with laser technology. The galvanized steel parts undergo a pre-treatment process of degreasing impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. The product is then subjected to oven curing, a process that allows the powder to solidify by baking at a temperature of 180/200°C in a hot air circulation oven. The powders used in the painting process are non-toxic according to current regulations. The fountain features **ground fixing with perforated flanges, supplied**.

Technical characteristics:

- Dimensions: 58x35xh.100 cm
- Structure in Ø 152 mm round steel tube
- Galvanized steel sheet grid for water drainage
- Brass push-button tap included
- Anchoring: equipped with perforated flanges for ground fixing
- Made in Italy
