

## Round planter with terracotta pot h28750

Urban furniture planter equipped with steel sheet metal support and circular terracotta pot Ø 60 cm. Anchorage: flush with the ground.

The planter is an urban furniture complement ideal for placement in avenues, city streets, parks, and municipal villas to beautify and decorate city environments or to delimit historical centers.

The **round-shaped** product consists of a laser-shaped **steel sheet metal support** and **wrought iron friezes**.

The **circular terracotta pot** with a 60 cm diameter will allow for hosting various types of plants and flowers according to different furnishing needs.

The **powders** used in the painting process are **non-toxic** according to current regulations, making the planter a **safe and quality product**.

The planter is prepared for **flush-to-ground fixing** with the mounting kit included.
