Round table for nursery school h681_31

Round table for nurseries (0-3 years), FSC beech legs, Ø130 cm top in magnolia HPL, patented anti-tear plate for maximum safety.

The **h681_31 round table** is a piece of furniture specifically designed for early childhood (0-3 years), created to foster interaction and the development of social skills in educational settings such as **nurseries** and preschools. The circular configuration allows for a democratic arrangement of seats, facilitating visual contact between children during educational activities, creative workshops, or snack times. Thanks to the absence of under-top frames, the design optimizes **anthropometric space**, allowing small users to move without structural obstacles.
