

Round table with benches in recycled plastic h924_34

Round table with integrated benches in recycled plastic. Dimensions: Ø 1800 x h 755 mm. Weight: 93 kg.

The **round picnic table with integrated benches** is a perfect solution for **street furniture** in parks, gardens, playgrounds, and public spaces. Made of **100% recycled plastic**, this set combines sustainability, durability, and practicality. Recycled plastic ensures a solid structure, capable of withstanding weathering such as rain, sun, and frost without deteriorating, rusting, or splintering.

The table has a diameter of **1040 mm**, with an overall width of **1800 mm**, offering space for several people comfortably. The total height of **755 mm** and the bench height of **500 mm** ensure ergonomic and accessible seating for adults and children. Each seat has a width of **280 mm**, ensuring comfort and stability. With a weight of **93 kg**, the table remains stable and safe, even in high-traffic public environments.

Ideal for those looking for an **eco-friendly**, durable, and functional solution for public spaces and outdoor areas, this round table represents a sustainable alternative to traditional street furniture in wood or metal.

Choose now the round picnic table in recycled plastic for sustainable and resistant street furniture!

Technical features:
