

Sack truck load capacity 300 kg h55_107

Manual painted steel hand truck with solid rubber wheels Ø 200 mm. Load capacity 300 kg, ergonomic structure for heavy and bulky loads.

The **professional sack truck** is an essential tool for the manual handling of heavy, bulky, and voluminous goods in intensive operational contexts. The structure is made of **acrylic powder-coated steel**, guaranteeing high mechanical resistance and protection against wear. To ensure maximum safety and operator comfort, the truck is equipped with **non-toxic rubber grips** and an **ergonomic handle** that optimizes leverage during transport.

Technical features
