

Safe for medicines and narcotics h718_13

Double-walled hospital safe with 8 aluminum drawers for medicines and narcotics. Dimensions 60x55x140 cm, EN 1143-1 certified, EN 1300 key lock.

Professional safe designed specifically for hospitals and clinics, intended for the secure storage of **medicines, narcotics, drugs and medical prescriptions**. The double-walled structure provides **robust protection against theft and attacks with burglary tools**, a critical element for pharmaceutical warehouse management in healthcare environments.

The interior is divided into **8 pull-out aluminum drawers**, each equipped with internal dividers to neatly organize medicine packages according to hospital storage protocols. Closure is provided by a **certified key lock**, ensuring controlled and traceable access.
