

Safe for narcotics and drugs h718_27

Double-walled safe for medicines and narcotics. 4 removable aluminum drawers, 2 shelves, 345 kg. EN 1143-1 certification.

Specialized safe for the secure storage of medicines, narcotics, and medical prescriptions in healthcare and pharmaceutical environments. Designed to counter theft and robbery attempts, it guarantees protection through a **double-walled structure** that ensures resistance to attacks with mechanical and thermal burglary tools.

The interior is organized with **4 removable aluminum drawers complete with dividers and 2 shelves**, allowing for an orderly and categorized management of the contents. Each drawer offers a usable space of 45 x 30 cm with a free height of 12.5 cm between levels, facilitating the storage of containers of various sizes.

Technical characteristics
