

Safety cabinet for pesticides h466_02

Cabinet for the storage of phytosanitary products in 10/10 galvanized sheet metal. Louvered vents for ventilation. External dimensions: 1000 x 500 x h2000 mm.

Cabinet for the containment of **phytosanitary products** built with a resistant structure in **10/10 galvanized sheet metal**.

Composed of **double doors** powder-coated, washable and disinfectable.

Equipped with **key lock** (recessed) with vertical rod closure on 3 points to ensure safety.

The **storage of pesticides** will be possible thanks to the presence of **shelves** in perforated galvanized sheet metal, height-adjustable, with a removable collection tray for each shelf.

The product is manufactured in compliance with the regulations set by the EC - Regulation No. 1782/03.

Technical features:

- Pesticide cabinet
- Material: 10/10 thick galvanized sheet metal
- Powder-coated door
- Number of doors: 2
- Number of shelves: 3
- Key lock
- Warning signs for corrosive, harmful, toxic products (mandatory safety symbols)
- Louvered ventilation slots
- External dimensions: 1000x500xh2000 mm
- Weight: 86 Kg
- Certificate of conformity
