

Safety seat for public bathrooms h218_116

Safety seat/changing station for children ideal for bathrooms in shopping centers and public places. Wall mounting. Equipped with safety strap.

The **h218_116 safety seat** is an essential technical complement to guarantee comfort and practicality for parents in public bathrooms of hotels, restaurants, stations, and healthcare facilities. Made of **high-density polyethylene (HDPE)**, this device allows the child to be accommodated in a protected way while the adult uses the restrooms, solving a common critical issue in high-traffic contexts. The structure is designed for **wall mounting** and boasts a folding system that drastically reduces its footprint when closed (only 14.5 cm deep). Equipped with an adjustable safety strap and compliant with **CE regulations**, the seat ensures stability and resistance, supporting a maximum weight of 20 kg.

Technical features

- **Material:** High-density polyethylene (HDPE)
- **Maximum capacity:** 20 kg
- **Safety:** Integrated safety strap
- **Fixing:** Wall-mounted (mounting plates and bolts included)
- **Open dimensions:** 285 (W) x 330 (D) x 470 (H) mm
- **Closed dimensions:** 285 (W) x 145 (D) x 470 (H) mm
- **Net weight:** approx. 3.5 kg
- **Compliance:** CE standards
- **Availability:** Available on the MEPA portal
