

Sanitary napkin dispenser for public restrooms h224_12

Stainless steel dispenser for sanitary napkins and tampons, ultra-compact design (H 7.5 cm), ideal for optimizing space in public restrooms and offices.

The **sanitary hygiene dispenser H224_12** is an essential component for setting up professional restrooms that require discretion and functionality. Designed to meet the needs of **hospitality facilities, offices, and sports centers**, this dispenser allows you to offer a high-level courtesy service, improving the end-user experience while ensuring order and cleanliness within the bathroom environment.

The structure is entirely made of **stainless steel**, the material of choice for high-frequency contexts thanks to its natural resistance to corrosion and ease of sanitization. The slim profile and height of only 7.5 cm allow for installation even in cabins with limited volumes, without interfering with freedom of movement.
