

Polished stainless steel chafing dish h21547

Chafing Dish with Roll top lid and 2 fuel holders. Made of stainless steel. Dimensions: 650x370x450 mm.

Professional product particularly suitable for keeping food warm; ideal for hotels, restaurants and catering.

The food warmer makes an excellent contribution to the presentation of the dish, in fact it allows you to bring a dish to the table or buffet exactly as it appears in the pot or pan in which it was cooked.

Elegant and refined Chafing Dish, made entirely of **polished stainless steel**, a resistant and good-looking material.

The professional food warmer is equipped with a convenient **sliding lid**, food pan and water pan. The heating of the food takes place via fuel; in fact, the product has two practical supports for fuel cans.
