

School 4.0 half-moon desk h 71 cm h908_125

Connectable half-moon school desk in steel and recycled wood. Dimensions Ø90x71cm, ideal for modular classrooms and School 4.0 projects.

The **h908_125 connectable half-moon desk** is a technical furnishing system designed for **modern and modular classrooms**. Its specific half-moon geometry was developed to promote collaborative learning, allowing a quick transition from frontal lessons to group activities or educational workshops through customized configurations. It fully meets the needs of **School 4.0** projects, where space flexibility is a fundamental prerequisite for educational innovation.

The construction is based on a **steel structure** with 40 mm diameter legs, which ensure stability and resistance to the mechanical stresses typical of school environments. The top is made of a **100% recycled wood ecological panel**, guaranteeing a sustainable choice compliant with the **Minimum Environmental Criteria (CAM)**.
