

School chair h172_157

School chair for students (primary/secondary) in steel and beech plywood, 40x40x46 cm. Robust, silent and compliant with UNI EN 1729-1.

This **student chair** is specifically designed for the set-up of classrooms in primary and secondary education institutions. The structure integrates a **painted steel frame** resistant to mechanical stress with a seat and backrest in **natural-finish beech plywood**, ensuring a comfortable and durable support surface. The provision of protective tips at the base is designed to minimize noise pollution during movement and protect the integrity of school flooring.
