

School chair size 4 h908_18

School chair size 4 with backpack holder function, Ø25 mm tubular steel frame and beech seat. Robust, ergonomic and stackable.

The **school chair with backpack holder** is a technical furniture element designed to meet the needs for ergonomics and space management within educational environments. The steel load-bearing structure ensures the necessary stability for intensive use, while the beech wood components guarantee correct postural support during lesson hours. The design integrates a functional solution for storing backpacks, helping to maintain order and safety in the classrooms.

Technical features

- **Structure:** high-resistance tubular steel frame with Ø25 mm diameter.
- **Seat and backrest:** made of shaped beech wood for the user's comfort.
- **Functionality:** stackable chair to facilitate storage and cleaning operations.
- **Size:** size 4, compliant with dimensional parameters for school buildings.
- **Dimensions:** W. 36 x D. 36 x h. 38 cm (seat height).
- **Equipment:** integrated backpack holder system to optimize floor space.
