

School chair size 5 h908_27

Size 5 school chair in beech plywood and Ø28 mm steel, featuring a C-shaped cantilever structure for high resistance. This **school chair** is designed to meet the demands of robustness and durability typical of high-traffic educational environments. The **cantilever base** configuration with a C-shaped structure guarantees superior stability, reducing the risk of tipping and facilitating sliding on surfaces. The use of **beech plywood** for the seat and backrest ensures natural ergonomic support, while maintaining a sober and functional aesthetic.

Technical features

- **Seat and backrest material:** natural beech plywood
- **Structure material:** tubular steel with Ø28 mm diameter
- **Compliant size:** Size 5
- **Seat height:** 43 cm
- **Base dimensions:** W. 36 x D. 36 cm
