

School chair with backpack holder h908_17

Size 3 school chair in Ø25 mm steel and beech, with integrated backpack hook and stackable structure for space optimization. This **school chair** has been designed to meet the robustness and functionality requirements typical of high-frequency educational environments. The combination of the **tubular steel frame** and natural wood elements ensures an ergonomic seat and prolonged resistance to mechanical stress. The design integrates advanced logistical solutions, allowing for orderly classroom management thanks to the provision for backpack support and ease of vertical storage.
