

School desk 4.0 hexagon h 76 cm h172_216

Hexagonal desk for school 4.0. Height: 76 cm. Side length: 320 mm.

An ideal solution for setting up **4.0 classrooms** are the **modular desks and tables**. This model has a **hexagonal shape** and is equipped with **steel legs**. The **height** is **76 cm** and it is **perfectly matchable with the modular tables [h172_212](#)**, arranged in a hexagonal configuration. The table, in fact, can fill the central empty part of the configuration, offering more space for students to work and interact. Furthermore, upon request for a quote, it is possible to choose the color of the top.

Technical features:

- Modular hexagonal desk
- Leg material: steel
- Size 6
- Height: 76 cm
- Side length: 320 mm

**Images purely indicative. The table legs are supplied in steel.*

**Price indicated per single table.*

**Upon request for a quote, it is possible to choose the color of the top.*
