

School desk for secondary school h908_70

Single-seater school desk in steel Ø40, 70x50 cm top. C-frame structure without under-top for maximum ergonomics and easy cleaning in high schools.

The **h908_70 model school desk** is a technical furniture component designed specifically for the needs of secondary and high school institutions. The distinguishing feature is the **"C" structure** made of sturdy 40 mm diameter steel tube, which ensures superior stability by eliminating frontal obstructions. The **without under-top** configuration responds to specific hygienic and functional needs: it facilitates floor cleaning operations and guarantees students total freedom of movement for the lower limbs, preventing incorrect postures during prolonged study sessions.
