

School desk for students h908_76

Single-seater steel school desk with C-frame, 70x50 cm top and sheet metal undershelf. Ergonomic design to optimize classroom space.

The **H908_76 single-seater school desk** is a technical-educational furniture solution designed to combine ergonomics, resistance and space optimization in modern school environments. The characteristic **"C" structure** was developed to maximize lower limb movement freedom, facilitating access to the station and promoting correct posture during lesson hours. The integration of a **robust sheet metal undershelf** allows for efficient management of educational materials, keeping the work surface clutter-free.
