

School desk h908_67

Single-seater school desk h908_67 in Ø40 steel, 70x50 cm top. C-frame structure without under-top shelf for maximum freedom of movement and hygiene.

The **h908_67 single-seater school desk** is a technical furniture solution designed to optimize ergonomics and space management in primary and secondary schools. The peculiarity of the **"C" structure** in high-thickness steel tubing solves the critical issues related to workstation accessibility, eliminating the lateral and frontal clutter typical of traditional frames. The absence of the under-top compartment responds to specific hygiene and order needs, preventing the accumulation of residues and facilitating rapid sanitization operations of the premises.
