

School desk with footrest h848_39

School desk h848_39 (70x50x64h cm) in melamine 20 mm thick and Ø 28 mm tubular frame with footrest. Grey/metallic structure, ivory top.

The **School desk with footrest h848_39** is a single-seater rectangular table without under-shelf, designed for setting up individual workstations in school and educational environments. This furniture solves the operational need to offer a stable work surface while facilitating the correct posture of students during lesson hours thanks to the integration of a footrest. Intended for kindergartens, schools, and training centers, the desk has a size classification 4, with dimensions of 70 x 50 cm, a height from the ground of 64 cm, and a net weight of 10.60 kg. The load-bearing structure consists of tubular legs with a diameter of 28 mm, provided in Light Grey and Metallic colors. The rectangular worktop is made of Ivory-colored melamine with a thickness of 20 mm.
