

School desk with ivory top h908_89

Single-seater school desk with steel X-frame, 70x50 cm ivory top and 76 cm height. High stability for middle and high schools. The **h908_89 single-seater school desk** is a technical furniture module designed for the set-up of classrooms requiring high standards of stability and mechanical resistance. The distinguishing feature is the **X-geometry structure**, which ensures uniform load distribution and eliminates the lateral oscillations typical of intensive daily use. The frame, made of **40 mm diameter steel tubular**, guarantees solid and long-lasting structural support over time.

The worktop is designed for student ergonomics, offering a surface resistant to scratches, impacts, and chemicals contained in common detergents. With a fixed height of **76 cm**, the desk meets the anthropometric needs of secondary school students, promoting the maintenance of correct posture during prolonged study sessions.

Technical features

- **Dimensions:** W 70 x D 50 x H 76 cm
- **Load-bearing structure:** X-shaped profile in aluminum-colored painted steel
- **Legs:** 40 mm diameter steel tubular
- **Worktop:** Scratch-resistant and washable surface in ivory finish
- **Feet:** Scratch-resistant ends for floor protection
