

School desk without under-shelf h908_68

Single-seater school desk in Ø40 steel with C-frame. 70x50 cm top, height 71 cm. Design without under-shelf for maximum freedom of movement.

The **h908_68 model single-seater school desk** is a professional furniture solution designed to optimize ergonomics and resistance within primary and secondary education institutions. The distinguishing feature is the **"C" structure made of Ø40 mm steel tube** with an aluminum-colored finish, which guarantees superior stability compared to standard models and greater operational durability even in high-traffic contexts. The absence of the under-shelf is a precise design choice aimed at eliminating unnecessary clutter, facilitating access to the seat and improving visual order and cleanliness of school environments.

Technical features

- **Total dimensions:** W 70 x D 50 x H 71 cm
- **Supporting structure:** Ø40 mm circular steel tube with "C" geometry
- **Frame finish:** High-resistance aluminum-colored painting
- **Worktop:** 70 x 50 cm in scratch-resistant material, ivory finish
- **Configuration:** Single-seater without under-shelf for leg space optimization
- **Ergonomics:** Fixed height calibrated to promote correct posture for students
