

School whiteboard on stand H364_78

Double-sided rotating magnetic whiteboard on wheels. Dimensions: W 121.5 x D 90 x H 180 cm.

The **H364_78 school whiteboard on stand** is a professional and versatile solution for educational environments of all levels. Designed for dynamic classroom use, it is **magnetic, double-sided, and rotating**, ideal for frontal lessons, group work, and collaborative activities.

The **scratch-resistant enameled surface** guarantees high resistance to wear and smooth writing with dry-erase markers, as well as the possibility of using magnetic aids. The enameled finish ensures durability over time and ease of cleaning, even with intensive use.

The **aluminum frame** provides structural strength and an essential design, suitable for modern school contexts. The **pedestal with pivoting wheels** allows the whiteboard to be moved easily between different classrooms or teaching areas, making it particularly suitable for flexible spaces and multifunctional environments.

It is equipped with a **marker tray**, useful for keeping writing tools organized during lessons.

Thanks to the mobile and double-sided structure, it represents a strategic tool for active teaching methodologies such as cooperative learning, flipped classroom, and debate, allowing the available writing space to be doubled.

Make your classroom more dynamic with the **H364_78 school whiteboard on stand**. Contact us for a dedicated quote for schools and institutes.

Technical characteristics:

- **Type:** Double-sided rotating magnetic whiteboard on stand
- **Surface:** Scratch-resistant enameled
- **Structure:** Aluminum frame
- **Mobility:** Pedestal with pivoting wheels
- **Accessories:** Marker tray
- **Board dimensions:** 121.5 x 90 cm
- **Frame dimensions:** 139.1 x 100 cm
- **Total height:** 180 cm
- **Pedestal depth:** 80 cm

User benefits:

- **Double:** writing surface thanks to the double-sided structure.
- **Easy:** movement between environments thanks to the wheels.
- **Surface:** scratch-resistant enameled.
- **Usable:** with magnets and dry-erase markers.
- **Ideal:** for traditional teaching and innovative methodologies.

FAQ:

1. **Is the whiteboard magnetic?**

Yes, it is magnetic and can be used with magnetic aids.

2. **Is it double-sided?**

Yes, it is double-sided and rotating, to double the writing space.

3. **Is the surface resistant?**

Yes, it is scratch-resistant enameled for intensive use.

4. **Is it easy to move?**

Yes, it is equipped with pivoting wheels integrated into the pedestal.

5. **What are the total dimensions?**

The whiteboard measures 121.5 x 90 cm, with a total height of 180 cm and a pedestal depth of 80 cm.

Mini buying guide:

When choosing a whiteboard on a stand for school, it is important to evaluate mobility and available surface area. A **double-sided version** allows you to double the writing space without increasing the wall footprint. Wheels are essential in flexible or shared environments, while the **scratch-resistant enameled** surface ensures durability over time. Consider also the total height and the depth of the **pedestal** to ensure stability and visual comfort in the classroom.

School whiteboard on stand, double-sided magnetic whiteboard, rotating whiteboard with wheels, scratch-resistant enameled whiteboard, mobile whiteboard for school, whiteboard with pedestal 121x90.
