

Screen trolley h13_216

Mobile screen system on AISI 304 stainless steel trolley with 4 swivel casters, 2 lockable. Compatible with 225 x h 145 cm curtains. Foldable arm.

The **mobile screen** is a professional partition system designed for environments requiring temporary and easily repositionable divisions. The **AISI 304 stainless steel** structure ensures corrosion resistance and durability over time, making it suitable for healthcare contexts, laboratories, professional kitchens, and high-humidity public spaces.

The trolley is equipped with **4 swivel casters**, of which **2 are lockable**, allowing smooth movements and stability when necessary. When not in use, the arm folds at 90° for minimum footprint, and the curtain can be tied for transport and storage. The solution accommodates standard curtains of **225 x h 145 cm** (not included).

Technical features

- **Material:** AISI 304 stainless steel
- **Casters:** 4 swivel, 2 lockable
- **Curtain compatibility:** 225 x h 145 cm (not included)
- **Storage configuration:** 90° foldable arm
