

## Secondary school chair height 46 cm h18\_45

Secondary school desk height 46 cm. Size 6.

Secondary school chair with supporting structure made of **tubular steel**. Cold-bent tubulars, continuous wire **electric type** welding. Painting of the metal parts made with **non-toxic, scratch-resistant epoxy-polyester powders**, baked in a thermal tunnel at 180°C after degreasing and phosphating treatment designed to avoid slag, abrasions and maximize robustness. Seat and backrest made of anatomical beech plywood with a thickness of 6-7 mm, naturally polished with transparent polyurethane resins. Fixing of the seat and backrest to the structure using aluminum expansion rivets. Non-removable and noise-reducing plastic caps on the four legs. Easily stackable chair.

### Technical features:

- Seat material beech wood
- Steel tubular structure
- W.35xD.35
- Seat height 46 cm
- Size 6
- Stackable
