

Secondary school desk h.71 cm h172_263

Secondary school desk size 5 (70x70xh71 cm) without under-top shelf. Tubular steel structure, ivory melamine top and beech edge.

The **secondary school desk h.71 cm h172_263** is a teaching station developed specifically for furnishing classrooms in secondary education institutes. Aimed at school managers and suppliers in the education sector, this piece of furniture solves the need to equip training spaces with ergonomic, stable stations free from lower obstructions, thanks to the design without an under-top shelf. The square configuration with dimensions of 70 x 70 x 71 cm meets the strict dimensional standards required for size 5, ensuring correct postural support for students. The ivory-colored melamine worktop with a beech edge, combined with the robust tubular steel supporting structure, ensures prolonged durability and facilitates daily sanitization operations within the classroom.
